

SUSHANT DEVKOTA

Aspiring DevOps Engineer & Systems IT Professional

Lalitpur-14 Nakhipot, Nepal | devkota.sushant31@gmail.com | +977 984-3818474 | sushantd.com.np | linkedin.com/in/sushant-devkota-a829b7229

PROFESSIONAL SUMMARY

Computer Engineering graduate who pairs a year of hands-on public-sector IT and e-governance experience with dedicated, hands-on DevOps training covering the full CI/CD toolchain. Comfortable moving between citizen-facing digital services and infrastructure work: Windows/Linux administration, containerization, and cloud deployment. Looking to bring that combination of reliability and automation instinct to a DevOps, Cloud, or Systems Engineering team.

PROFESSIONAL EXPERIENCE

Information Technology & Administrative Assistant | *Kathmandu Metropolitan City — Ward 22 Office* Dec 2025 – Present

- Operate core e-governance platforms, including the municipal Sifarish System, to process public service requests, verify documentation, and manage digital workflows for ward residents.
- Provide on-site IT support for Windows 11 environments: troubleshooting, network maintenance, peripheral setup, and driver management, keeping office systems running with minimal downtime.
- Act as a front-line resource for staff and citizens navigating digital government services, translating technical issues into fast, practical fixes.

IT Assistant (Intern) | *Kathmandu Metropolitan City (KMC)* Oct 2025 – Dec 2025 (3 months)

- Supported IT infrastructure maintenance, daily system operations, network monitoring, and database upkeep across municipal departments.
- Assisted with functional software testing ahead of operational rollouts, helping catch issues before systems reached end users.

ADDITIONAL EXPERIENCE

Sadhanapada Volunteer Program | *Isha Yoga Center — Coimbatore, India* Jun 2024 – Feb 2025 (9 months)

- Completed a 9-month full-time residential volunteer program within a large international volunteer community, contributing to daily operations and communal activities.
- Built discipline, adaptability, and cross-cultural collaboration skills through a sustained full-time commitment away from home.

CERTIFICATIONS & SPECIALIZED TRAINING

DevOps Training | *Broadway Infosys* May 2025 – Jul 2025

- Completed hands-on training across the full CI/CD toolchain: containerization (Docker), orchestration (Kubernetes), Infrastructure as Code (Terraform, Ansible), continuous integration (Jenkins), cloud infrastructure (AWS), and monitoring (Prometheus, Grafana).
- Built and deployed a capstone project wiring these tools together end-to-end — see Projects below.

PROJECTS

Cloud & CI/CD Infrastructure Deployment — *Broadway Infosys capstone*

- Engineered an automated build-and-deploy pipeline using Docker, Jenkins, Kubernetes, Terraform, and AWS.

Virtual Cloth Try-On Using Neural Networks — *Python, Neural Networks*

- Built a deep learning system that lets e-commerce shoppers preview clothing virtually before purchase.

Employee Recommendation System — *Python, Django, PostgreSQL*

- Built a content-based recommendation engine that parses, analyzes, and shortlists candidate CVs for recruiters.

TECHNICAL SKILLS

Cloud & DevOps: AWS (EC2, S3, IAM), Docker, Kubernetes, Terraform, Ansible, Jenkins, Git, CI/CD
Systems & Monitoring: Linux Administration, Windows 11 Administration, Prometheus, Grafana, Network Monitoring, Software Testing
Languages & Frameworks: Python, Java, C++, C#, HTML/CSS, Django, MySQL, PostgreSQL
Public Sector Systems: Municipal Sifarish System, E-Governance Digital Workflows
Hardware & Networking: PC/hardware troubleshooting, Wi-Fi 6/7 standards

EDUCATION

Bachelor of Engineering, Computer Engineering <i>Himalaya College of Engineering</i>	2018 – 2023
• Coursework and major project complete; final backlog clearance in progress.	
+2 Science <i>KIST College</i>	2016 – 2018

LANGUAGES

Nepali — Native / Fluent English — Fluent Hindi — Conversational
